Meyers to Attend Round Table on Family Care and IRIS

MADISON – State Representative Beth Meyers will attend a round table discussion hosted by the People First of the Northwoods to discuss proposed changes to IRIS and Family Care. They will consider the next steps of action since the Wisconsin Department of Health Services, (DHS) sent a letter to the Legislature’s Joint Finance Committee formally withdrawing Governor Scott Walker’s plan to privatize these two vital and popular health care programs.

“While many caregivers, supporters, and clients of both Family Care and IRIS had the chance to breathe a sigh of relief last month when DHS decided to pull back on these sweeping changes, the push for advocacy is not over. Republican leaders have indicated that they intend to propose something similar in the next biennial budget, and everyone needs to be diligent,” said Meyers.

Details of the event are below:

People First of the Northwoods Family Care-IRIS Roundtable Meeting
